

## Annual and Commercial/Livery Boat Launch Pass Rules & Guidelines

1. This annual pass is BOAT TRAILER SPECIFIC for the registration and license plate # indicated on the application. It may not be used with alternate boat trailers without re-registering the pass.
2. The pass must be displayed on the boat trailer of the towing vehicle.
3. Power loading and unloading is prohibited.
4. Dock tie-up should only be used for boarding passengers. Loading equipment should be done prior to launch.
5. Please have your boat prepared to launch prior to entering the launch ramp area.
6. Be courteous to other boaters. Please clear the launch ramp area as soon as possible to allow other boaters to access the ramp. Avoid lingering in the launch ramp area to load or unload equipment.
7. The launch ramp may be used by area law enforcement and/or emergency services and vehicles. If emergency personnel approach the ramp from land or water, please clear the area for their priority use.
8. The cleaning of fish and disposal of remains in the trash is STRICTLY PROHIBITED at this facility and all other areas throughout the Village.
9. The pass will be valid for the period from April 1<sup>st</sup> of the permit year until the following April 1<sup>st</sup>. Weather will dictate when the launch ramp skid pier will be installed at the beginning of the season and removed at the end of the season.
10. The skid pier may be removed occasionally for repairs as needed.
11. The Village be not be responsible if water levels fall to low or high to successfully launch.

I have read and agree to the rules and guidelines and understand that violations may result in the revocation of this pass and loss or ramp privileges:
