

As you are aware, the M-22 project was set to begin on May 16th. The project is now set to begin tomorrow May 25, 2022. M-22 will be blocked off this evening --Tuesday May 24th 2022. Cars left on M-22 will be towed. Parking is available on the side streets. Keep your fingers crossed for good weather.

We have received lots of calls asking a number of questions so we provided the same to M-DOT. Please see the answer in red.

1. When does the milling begin? **Wednesday May 25th around 6:00 a.m..**
2. Will the mill and fill be completed in one day? **On May 25th they will work on the North- Bound Lane. May 26th the South Bound Lane.**
3. If weather delays the project, will it be completed on Friday or postponed until after the weekend? **If weather is a factor, then only the North- Bound lane will be completed this week.**
4. Will the cones blocking parking be removed so business can have the parking downtown if #3 occurs? **Yes. This weekend parking will be available on M-22.**
