Good of the Order

Case made inquiries regarding the rowing club, a recycling center at the Road Commission, the Parks and Rec plan, and streetlights.

Long asked about the streetlights relative to the public comment received last month by Village residents; specifically, what the process would be if a number of residents

brought an issue forth during public comment. Long supports dark sky as long as there are no safety issues.

Christensen requested street lights be placed on the next General Services agenda, and supports fewer street lights as long as it doesn't impede public safety.
