NOTICE TO THE RESIDENTS OF THE VILLAGE OF SUTTONS BAY

Notice is hereby given that the Village of Suttons Bay Zoning Board of Appeals will be holding a public hearing regarding a variance request for a fence erected without a land use permit and placed too close to the property line. The public hearing is scheduled for Wednesday, March 18, 2020, at 5:30 p.m., at 420 N. Front Street, Suttons Bay, MI 49682.

Appeal Request 3-19; Bahle Enterprises Inc., owners, on a parcel of land commonly known as 210 N. St. Joseph Street, Suttons Bay; property identification number 45-043-768-136-00, Central Business (CB), Zoning District. The request is for a variance to allow a fence, constructed without a land use permit, and placed too close to the south side property line to remain. Specifically, a variance from Section 2-21B.3.b which requires that fences shall not be erected within one (1) foot of any lot line. The applicant is requesting that the fence remain on the property line resulting in a zero (0') foot setback.

Information regarding this request and the Village Zoning Ordinance are available for public viewing at the Village Office located at 420 N. Front Street, Suttons Bay, Michigan, 49682, during regular business hours. Written comments will be received until the evening of the meeting.

MEMORANDUM

Date: November 15, 2019

To: Village of Suttons Bay Zoning Board of Appeals

File Number: Appeal Request 3-19

From: Leslie Couturier, Zoning Administrator

Re: Conditional Approval

In light of the information received from Brian Flickinger at Environment Great Lakes & Energy (EGLE), staff feels that the board, if approving the appeal, does have the option of placing a condition on the fence placement; that once the remediation is complete the fence will be removed or moved back one foot. Also if the variance is approved, with or without this condition, the applicant must apply for a land use permit. If not approved the applicant must remove the fence or apply for a land use permit to move it to the proper setback.

Subject: Bahle Fence

Village of Suttons Bay,

My name is Brian Flickinger and I am an incident manager specialist with the Department of Environment, Great Lakes, and Energy (EGLE) and the project manager of the old Wales Quality Cleaners (Wales) which sits adjacent to Bahle's of Suttons Bay.

Site assessment work has confirmed the presence of tetrachloroethylene, trichloroethylene, and petroleum compounds in soil and groundwater beneath the Wales property above drinking water protection criteria, surface water protection criteria, and soil volatilization to indoor air criteria. Additional work conducted by EGLE and Leelanau County Brownfield Authority has confirmed soil gas concentrations have migrated to the two commercial properties to the North and South of Wales.

EGLE has dedicated state remediation funds to address the issues at Wales and, as of last week, has begun conducting pilot testing to optimize remediation system design. Mr. Eric Bahle, owner of Bahle's of Suttons Bay store, has graciously provided access onto his property just north of Wales. Without his willingness to provide access, it would likely be impossible to adequately address the issues at the subject property.

Upon speaking to Mr. Bahle last week, it is my understanding that the fence and its location has come into question with the zoning board. EGLE respects that this type of zoning/permitting is a local matter. However, I did want to speak to EGLE's plan at the subject site. Once pilot testing is completed, EGLE will be installing a soil vapor extraction (SVE) system on the Bahle property to address the contaminated soils at Wales and thus reducing the groundwater contamination migrating towards the bay and removing the potential indoor air concerns at Bahle's of Suttons Bay and Bayside Gallery. The SVE system will consist of numerous pieces of equipment, piping and SVE wells. The current plan is to have a curtain of SVE wells just inches away from the Wales building. The SVE system will need to be protected from the public and access will need to be restricted and the currently installed fence successfully accomplishes this. If the zoning board decides the fence needs to be moved or removed entirely, please be aware it would be EGLE's intention to come to the zoning board and request permission to place another fence back in the existing fence's current location to facilitate our project.

I have attached EGLE's action plan for your review. You will find a detailed history of the Wales property, EGLE's budget, and proposed work schedule. If you have any questions or concerns, please feel free to contact me. Thank you for your consideration on this matter.

MEMORANDUM

To: Village of Suttons Bay Zoning Board of Appeals

File Number: Appeal Request 3-19

From: Leslie Couturier, Zoning Administrator

Application Received: 08/23/2019

Owners: Bahle Enterprises Inc.

Applicant: Richard Bahle

Address of Applicant: PO Box 39
Suttons Bay, MI 49682

Address of Property: 210 N. St. Joseph Street
Suttons Bay, MI 49682
Property Identification Number: 45-043-768-136-00

Zoning District: Central Business District (CB)

Applicant Request: To hear an appeal from applicant Richard Bahle; a request for a reduction in the side yard setback from 1 foot to 0 feet, to allow an unpermitted fence to remain sited as is; a variance from the required one (1) side yard setback to a zero side yard setback at 210 N. St. Joseph Street.

General Facts:

1. Some time before or in June of 2019 a fence was erected, without a land use permit, on the south side lot line of the subject property.
2. The fence sited as is does not comply with requirements of Section 2-21.3.b specifically:
b. No fence or wall shall be erected within in one foot (1') of ANY property line, abutting a street right-of-way line, and shall not obstruct a clear vision area. (Section 2-19).
3. Letter were sent to the owners on June 7, 2019, July 12, 2019 and August 2, 2019 (attached) detailing the issues with the fence. Applicant came to office to obtain a land use permit, and was told by staff that a land use permit would not be granted due to the placement of the fence, and further that they would either have to remove the fence or could apply for a variance.
4. August 23, 2019, an application for variance request was received from the applicant requesting a one foot (1') variance from the required one foot setback, which would result in a zero lot line setback from the south property line of the subject parcel.
5. The October 16, 2019, 5:30 p.m. Zoning Board of Appeals meeting was scheduled and was duly published in the Leelanau Enterprise on (certification of mailing & legal notice publication attached).
6. On September 20, 2019 notices were sent out to all properties within 300 feet of the subject property. (certification of mailing & legal notice publication attached).

**VILLAGE OF SUTTONS BAY
ZONING BOARD OF APPEALS**

“The concurring vote of a majority of the full membership of the Zoning Board of Appeals shall be necessary to reverse any order, requirement, decision or determination of the Zoning Administrator or to decide in favor of the applicant any matter upon which they are required to pass under this Ordinance or to effect any variation in this Ordinance due to unnecessary hardships or practical difficulties.”

BOARD DECISION AND ORDER

The Board having considered the Application, a public hearing having been held on October 16, 2019 after giving due notice as required by law, the Board having heard the statements of the Applicant/Applicant’s attorney and agents, the Board having considered letters submitted by members of the public and several comments by members of the public, the Board having considered the following Findings of Fact and Exhibits as part of the record, and the Board having reached a decision on this matter, states as follows:

GENERAL FINDINGS OF FACT

1. The Board finds the property is currently zoned Central Business, CB
2. The Board finds that Section of the Zoning Ordinance requires that a Land Use Permit be obtained prior to the erection of a fence. Also that Section 2-21.3.b; No fence or wall shall be erected within one (1) foot of any lot line, abutting a street right-of-way line and shall not obstruct a clear vision area (Section 2-19). And c.; If one side of fence has a finished side, that side shall face adjacent properties, waters, or streets.
3. The Board finds that the Applicant desires to maintain the fence as positioned on the property line with a zero setback.
4. The Board finds that the proposed use is a permitted use by right in the CB district.

FINDINGS OF FACT UNDER SECTION 17-6.A - VARIANCES

1. *Dimensional Variances.* The Zoning Board of Appeals shall have the power to authorize specific dimensional variances from the requirements of this ordinance if it finds based upon competent, material, and substantial evidence following a public hearing that all of the applicable standards provided in this section have been met.

1. Standards for Dimensional Variances. To obtain a variance from the dimensional requirements of this ordinance (area, setback, frontage, height, bulk, density or other dimensional requirements) the applicant must demonstrate that a practical difficulty exists by showing all of the following:

- a. The need for the requested variance is due to unique circumstances or physical conditions of the property involved, such as narrowness, shallowness, shape, water, or topography and not due to applicant's personal or economic hardship.
- b. That the need for the requested variance is not the result of actions of the property owner.

- c. That strict compliance with regulations governing area, setback, frontage, height, bulk, density or other dimensional requirements will unreasonably prevent the property owner from using the property for a permitted purpose, or will render conformity with those regulations unnecessarily burdensome.
- d. Whether granting the requested variance would do substantial justice to the applicant as well as to other property owners in the district, or whether granting a lesser variance than requested would give substantial relief to the property owner and be more consistent with justice to other property owners.
- e. That the requested variance will not cause an adverse impact on surrounding property, property values, or the use and enjoyment of property in the neighborhood or zoning district.

The Zoning Board of Appeals finds that the proposed variance meets/does not meet all of the above, based on the following facts:

RE: Erection of a Fence without a Land Use Permit
Property #: 043-768-136-00/210 N. St. Josephs Street

Dear Mr. Bahle:

This letter is to inform you that the Zoning Department has found a violation of the Suttons Bay Village Ordinance on your parcel referenced above. Specifically; a fence was erected without a Land Use Permit and has been placed too close to the property line. I have enclosed the section of the Ordinance for your review.

I have also enclosed an application for a Land Use Permit, please complete and return to the Village Office as soon as possible. The fee for the permit is \$30. If you choose not to obtain a permit please remove the fence.

Often individuals are unaware of the regulations in the Village pertaining to fences and that is why I am informing you of this rather than issuing a violation notice. We would rather help you understand the ordinances at first and gain your cooperation while providing ample time to resolve the issue.

Thank you for your understanding and cooperation in this matter.

Sincerely,

RE: Erection of a Fence without a Land Use Permit
Property #: 043-768-136-00/210 N. St. Josephs Street

Dear Mr. Bahle:

A letter was sent to you on June 7, 2019 informing you of a violation on the property referenced above, as I have not heard from you a second letter is being sent.

Please contact the office of Planning & Zoning within seven (7) days to discuss this issue, please know that if we are not contacted a letter of violation will be sent and then a Municipal Civil Infraction ticket will be issued.

Often individuals are unaware of the regulations in the Village pertaining to fences and that is why I am informing you of this rather than issuing a violation notice. We would rather help you understand the ordinances at first and gain your cooperation while providing ample time to resolve the issue.

Thank you for your understanding and cooperation in this matter.

RE: Erection of a Fence without a Land Use Permit
Property #: 043-768-136-00/210 N. St. Josephs Street

Dear Mr. Bahle:

A letter was sent to you on June 7, 2019, and again on July 12, 2019 informing you of a violation on the property referenced above, as I have not heard from you a letter of violation is being sent. Please fill out the enclosed permit application and submit to the Village Office. Also, the ordinance requires that the fence be located 12" off of the property line, thus it must be moved.

This must take place no later than Monday August 12, 2019, and please know that if you fail to move the fence and obtain a permit a Municipal Civil Infraction ticket will be issued.

Thank you for your understanding and cooperation in this matter.

RE: Appeal Request #3-19

I would like to go on record of not in favor of granting of zoning variance.

If somebody does not like the zoning regulations, then they have right to try & get the zoning changed for all parcels in Suttons Bay not just for a few residents.

Zoning Administrator

RE: Appeal Request #3-19

I would like to go on record of not in favor of granting of zoning variance.

If somebody does not like the zoning regulations, then they have right to try & get the zoning changed for all parcels in Suttons Bay not just for a few residents.

Respectfully yours,
